

# PROJECT LIST

PARSONS  
PIPE ORGAN BUILDERS

**P**arsons Pipe Organ Builders is a five-generation firm whose legacy began in the late 1890's while Gideon Levi Parsons worked as a reed voicer for the J.W. Steere & Sons Company in Springfield, Mass. Under the current leadership of brothers Richard and Calvin Parsons, the firm has established an impeccable reputation for building fine mechanical action and electric slider pipe organs. We also take great pride in the Maintenance Department as we remain in close contact with our valued customers to provide prompt and expert tuning and maintenance services.
